

# On the Cutting Edge.

Accutome's diamond knives are the perfect blend of design and craftsmanship, in order to make superior corneal incisions. With an in-house repair facility, Accutome is able to provide high quality repairs and quick repair turnaround times. By owning it's own diamond cutting facility, Accutome is able to offer a diamond knife exchange program, allowing you to upgrade or change blade designs as your incision needs change.

#### Features:

- Unsurpassed sharpness
- Titanium and aluminum handles
- Lifetime warranty on titanium handles
- More cost effective than metal blades
- Variety of sizes and configurations available to fit your surgical needs

**Please contact your Accutome sales representative at 800.979.2020 or visit us on the web at [www.accutome.com](http://www.accutome.com) for additional information on our complete diamond knife product line.**
