RECOMMENDED COMPUTER SPECIFICATIONS

If the computer on which you intend to load the software does not meet or exceed the listed specifications, we highly recommend that you do not install the software.

It is recommended that the computer used in conjunction with the system you have purchased be dedicated for the sole use of Accutome's product. Installation of software not vital to the operation of the

system is highly discouraged, as it may detrimentally affect the performance of the system. Additionally, accessing the Internet will greatly affect the performance of the equipment and open the system to viruses and other harmful external factors and is therefore not recommended by Accutome.

1. **Processor** - Minimum Intel Core 2 Duo 2.20 GHz, Core i3 2.2 GHz or higher.
2. **Memory** - Minimum 4.0 GB RAM or higher.
3. **Video Card or Chip** - Desktop PC: Any NVIDIA or ATI Video Card with 256MB graphic memory or more. Laptop PC: Any NVIDIA, ATI or Intel Video Chip.
4. **Screen Resolution of Monitor** - High resolution monitor (minimum 1366 X 768 pixels; recommended 1600 X 900 pixels or higher) 19 inch for desktop. 15.4 inches or higher screen size for laptop.
5. **Hard Disk** - Minimum 80 GB, 7200 RPM, recommended 160 GB or higher for high patient flow site (more than 30 B-Scans per month).
6. **USB Ports** - Minimum of 3 USB 2.0 or USB 3.0.
7. **Medical Grade Power Supply**
8. **Operation System (OS)** - Windows 10®, Windows 8®, Windows 7® 64-Bit OS.

Installation Instructions

Windows 10, 8, or 7 (64-bit)

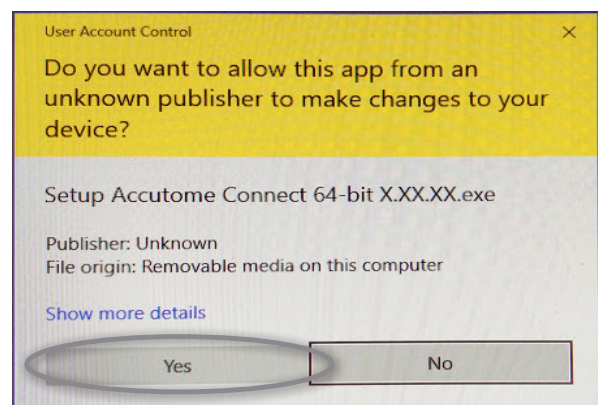

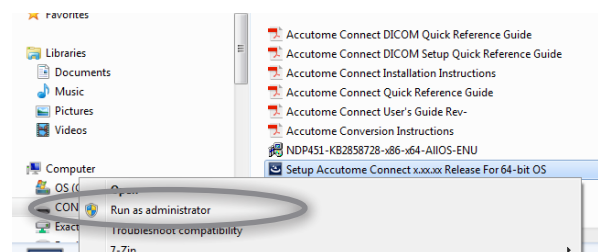

Follow the steps below to install the "Accutome Connect" application.

Current Customers: Be sure to uninstall all A-Scan, B-Scan, and UBM software before beginning installation of the Connect software.

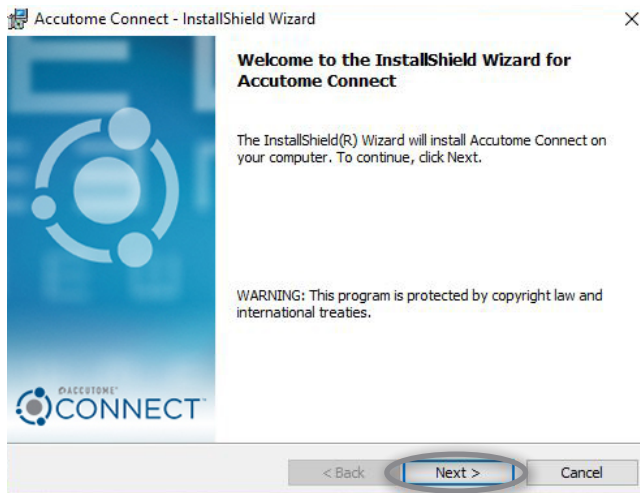

Note: DO NOT plug the Accutome probe into the USB port until instructions prompt you to do so.

1. **Step One:** Insert the USB stick which contains the Accutome Connect installation package. Open [My Computer](#) and double click on the [Accutome Connect USB disk](#).
2. **Step Two:** Right click on [Setup Accutome Connect x.xx.xx For 64-bit OS](#) and select [Run as Administrator](#).
3. **Step Three:** It will take several seconds for the Installation to open. Click [Yes](#) button if Windows system pop-out a [User Account Control](#) window with following message [Do you want to allow this app from an unknown publisher to make changes to your device?](#)

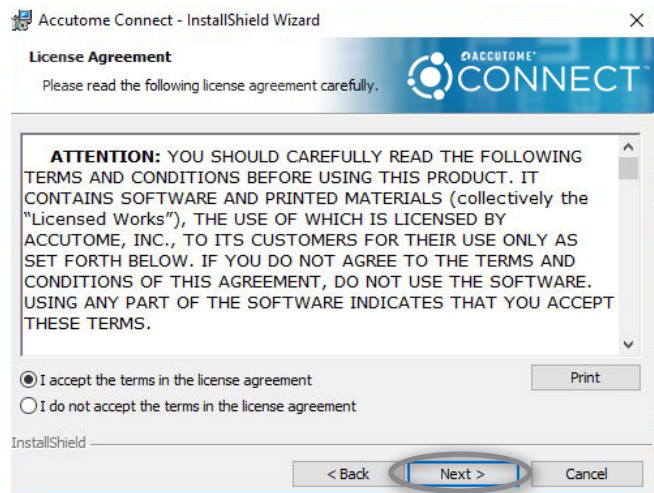

[Setup Accutome Connect x.xx.xx For 64-bit OS.exe](#)

4. **Step Four:** When the [Welcome to the InstallShield Wizard for Accutome](#) window appears, click [Next](#).

5. **Step Five:** Click [I accept the terms in the license agreement](#) when the [License Agreement](#) window appears. Click [Next](#). Click [Install](#).

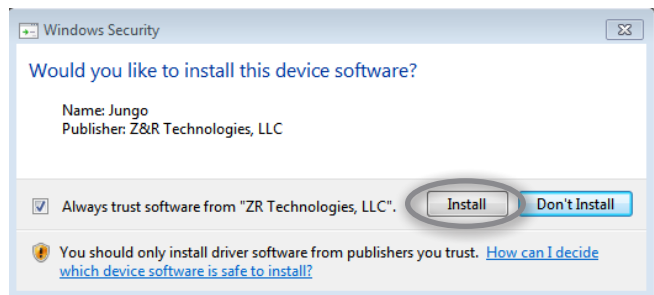

6. **Step Six:** The [Welcome to Setup for DirectX](#) window will appear on desktop at this time.

Note: If it does not appear automatically, Double click on the icon [Launch DXSETUP.exe](#) on the desktop to install Microsoft DirectX 9.0 manually.

7. **Step Seven:** Click [I Accept Agreement](#). Click [Next](#). Click [Next](#) to start installation of Direct X. Click [Finish](#) to complete installation Direct X on your system.

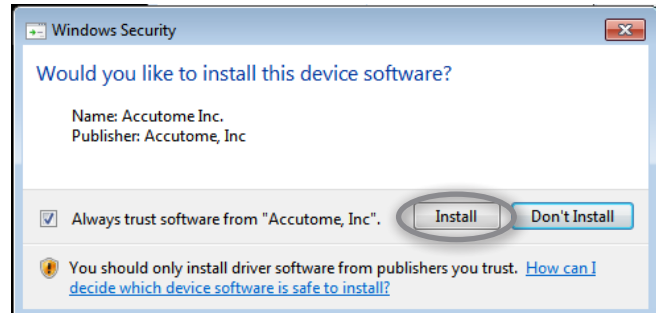

8. **Step Eight:** After install Microsoft DirectX 9.0 the [Would you like to install this device software?](#) Name: [Jungo](#) window will appear on the desktop. Select [Always trust software from ZR Technologies, LLC](#). Click [Install](#) button to install the Jungo device driver.

Installation Instructions

- Step Nine:** After installing the Jungo driver, the **Would you like to install this device software?** Name: **Accutome Inc.** window will appear on the desktop. Select Always trust software from **Accutome, Inc.** Click **Install** to install the Accutome probe device driver.
- Step Ten:** Click **Finish** to close the **Install Accutome Connect** window and complete the installation steps for required files and libraries for running **Accutome** applications.

- Step Eleven:** The **Microsoft Visual C++ 2008 Redistributable Setup** window will appear on the desktop at this time.
Note: If it does not appear automatically, double click on the icon **Install vcredist_x86.exe** on the desktop to install manually.
- Step Twelve:** Click **Next** to start installation of **Microsoft Visual C++ 2008 Redistributable Setup**.

- Step Thirteen:** The **WinZip Self-Extractor - gs900w32.exe** window will appear on the desktop at this time.
Note: If it does not appear automatically, double click the icon **Launch gs900win32.exe** on the desktop to install **Ghostscript 9.00** manually.

- Step Fourteen:** Click **Setup**. Then click **Install** to start installation of Ghostscript 9.00.

- Step Fifteen:** After all installations are complete, please plug in all Accutome probes.
[Please allow time for Probes to be recognized by the computer]

- Step Sixteen:** Please make sure the **Power Options** of your PC/Laptop are set to **High Performance**. You may need to change the settings.

- Step Seventeen:** Double click the **Accutome Connect.exe** icon on the desktop to start the program.
